MaisonLIFT Plus

Unique tailor-made design options to upgrade your space.

MaisonLIFT Plus provides convenience with a more sophisticated approach. This indirect acting hydraulic lift is suitable for vertical transportation inside or outside a multi-storey residence.

MaisonLIFT Plus can be installed in multiple types of residential buildings with shaft pit and headroom limitations. It is available with or without shaft and with aluminium shaft construction.

Premium design to lift your senses

Advantages

- Ideal solution for low pit and headroom shafts
- No need for concrete shaft
- No need for extra space for machine room
- Ease of installation and maintenance

Main features

- Maximum safety and comfort
- High aesthetics customised to your building
- Unique designs by the world famous designer Andreas Zpatinas
- EC Type Examination Certificate according to Lift Directive 2014/33/EU
